## Lifting & handling solutions since 2002

### Reaching new heights

Winntec (Est. 2002) is a manufacturer, esteemed developer and international supplier of high quality, efficient and reliable automotive workshop “essentials”, available in automotive and industrial markets in Europe, North America, Southern Africa and Pacific Asia. The ranges are “priced right” and backed up by outstanding customer service and support.

### Our mission

Build the best products! Their quality, safety and ease of use are – and remain – at the heart of our operations.

### Our vision

Lifting, handling and transportation, that’s exactly where our focus needs to be the next years. We recognize the challenges that the mechanics (both in the shops and on the road) are experiencing. Heavy objects (vehicles & parts) will grow in number and we see it as a responsibility to bring affordable problem solvers that will save time and greatly reduce the risk of injuries.

### Our history

We decided to rebuild the hydraulic floor jack from scratch. The result was an all new, service friendly design that showed a clever mix between superb American and European characteristics and functionality. Turbo Lift and Auto Shift are just two of the amazing technologies that Winntec introduced ever since.

### Our achievements

Meanwhile, our products find their way to more than 60 countries worldwide! It are (premium) car dealerships, tire service specialists and transport companies that use our products day in, day out. Our patented Smart Car was one of the three finalists during the innovation award competition at Frankfurt Automechanika.

### Our approval

Winntec products are designed and manufactured in compliance with NEN-EN 1494:2001+A1:2008 CE

# Wheel Service

Undisputed choice of the professional

## Y471147 HD Smart Cart

Finally there's a product that really does the job! This long life, light weight, high capacity cart allows the tire fitter to maneuver heavy wheel sets in the most ergonomic way with the help of its **patented tilting system**. The unique push-slide-secure automatic locking system eliminates the need for inefficient, wear sensitive, foot operated - or hand controlled jaws.

The light yellow colored foam filled tires are maintenance free and leave no traces on the work shop floor. The cart has been developed in partnership with some of Europe's leading tire service chains. It comes in powdercoated steel (robotic welding) with high strength components and an exceptional 3 year warranty period. With just 20kg this lightweight cart handles most car and SUV wheelsets from 14" - 20" up to 200kg.

### Main features

- Superior ergonomics
- Flat-free tires leave no stripes
- Handles tires and wheel assemblies

Specifications	
<b>Height =</b>	1385 mm
<b>Width =</b>	610 mm
<b>Depth =</b>	695 mm
<b>Capacity</b>	200 kg
<b>Weight</b>	20 kg

## Y4711SPP Extender & Push Pull Kit

Extend the height of your Smart Cart with the retro-fit extender. The push Pull lever ensures a quick release on smooth, polished floor or when dealing with a light stack of tires.

Works perfectly together with Smart Cart

## Y471123 Smart Disc

Keep those wheel sets mobile in your showroom and workshop! Stack, roll and grab them with (or without) your Smart Cart.

Specifications	
<b>Ø</b>	68 cm
<b>Weight</b>	160 kg

## Y471105 Wheel Dolly

This industrial quality wheel dolly increases productivity in the shop by offering a fast & efficient way to remove tire/wheel assemblies. Its ergonomic design helps to reduce back strain injuries.

The extended rollers (ideal with wide base tires) can be installed in 3 positions depending on the wheel size. The roller bearings are of Japanese origin. The rubber wheels have an all new and unique steel core providing optimal life time performance.

### Main features

- Quick detach handle
- Extended rollers - 290mm

Specifications	
<b>Frame width</b>	700 mm
<b>Handle length</b>	1000 mm
<b>Capacity</b>	220 kg
<b>Weight</b>	15 kg

Helps prevent back injuries

Safety guaranteed

### Main features

- Carry handle & belt
- Maximum mobility
- Fast positioning

Specifications	
<b>Frame width</b>	900 mm
<b>Frame depth</b>	450 mm
<b>Frame height</b>	310 mm
<b>Capacity</b>	160 kg
<b>Weight</b>	29 kg

This lightweight, portable dolly has a compact hydraulic unit that ensures precise positioning. It also allows the operator to work on a very short distance from the vehicle which is crucial during road assistance service work.

Its shock absorbing casters ensure a smooth ride from and to the hub on a rough surface. Winntec delivers you once again affordable ergonomics without affecting operation speed.

## Lifting Equipment

### Y411350 Alloy Jack

Winntec's popular alloy floor jack has been dominating the European market for the last 10 years. The ball bearing-mounted rear swivel caster wheels and wide track front wheels provide easy maneuverability and jack stability under load. A newly designed saddle pad (as subscribed by several European car makers) protects the vehicles bodywork and components.

Thick frame side plates and a reinforced lift arm result in added strength. A bypass and overload valve prevent from over-extension of hydraulic ram and jack use beyond rated capacity. The 2-pc. handle with quick lock offers easy storage. Heavy duty nylon wheels keep the jack's general weight below 10kg.

#### Main features

- Just 10 kg
- Nylon wheels
- PU pad

Specifications	
<b>A</b> =	80 mm
<b>B</b> =	375 mm
<b>C</b> =	236 mm
<b>D</b> =	501 mm
<b>E</b> =	140 mm
1,35 T	
10 kg	

### Y412500 Alloy Jack

An unique 100% alloy floor jack that combines a futuristic design with our widely known and respected TURBO LIFTER (fast to the load, fast with the load) pumping technology. Its solid rubber pad ensures optimal protection while lifting the vehicle. Thick frame side plates and a multiple reinforced lift arm result in maximum strength and safety while dealing with heavy loads up to 2.5T.

This low profile jack comes with heat-treated chromed pump pistons and chromed main ram. A foam handle bumper protects the car's doors while lifting in small spaces. This jack easily handles the majority of cars and light commercial vehicles during road assistance service jobs.

Specifications	
<b>A</b> =	95 mm
<b>B</b> =	487 mm
<b>C</b> =	348 mm
<b>D</b> =	677 mm
<b>E</b> =	160 mm
2,5 T	
25 kg	

#### Main features

- Turbo Lifter System
- PU pad
- Handle bumper

### Y420222 Low Profile Jack

Low profile jack with **integrated jack stand function** and hold to run control. 75mm entrance height, Turbo Lifter, **ERG-0-grip**, handle bumper.

#### Main features

- **ULTIMATE SAFETY**
- Auto lock
- Low profile
- Controlled descent
- Foot pedal
- Turbo Lifter
- Hard chromed ram and pistons

Specifications	
<b>A</b> =	75 mm
<b>B</b> =	500 mm
<b>C</b> =	350 mm
<b>D</b> =	705 mm
<b>E</b> =	135 mm
2 T	
37,5 kg	

### Y422000 Long Chassis Low Profile Jack

Low profile jack with a minimum height of 75mm. Long chassis 940mm, fast reach foot pedal, Turbo Lifter, rubber pad, nylon wheels, hold to run control, **ERG-0-grip**, handle bumper.

#### Main features

- Low profile
- Long chassis
- Controlled descent
- Foot pedal
- Turbo Lifter
- Hard chromed ram and pistons

Specifications	
<b>A</b> =	75 mm
<b>B</b> =	530 mm
<b>C</b> =	373 mm
<b>D</b> =	940 mm
<b>E</b> =	135 mm

## Y420215

Light weight low profile jack with a minimum height of 85mm, fast reach foot pedal, rubber pad, PU tandem wheels, hold to run control and ergonomic handle.

Polyurethane tandem rollers reduce noise and floor damage. The tandem system guarantees a comfortable ride on a bumpy surface.

### Main features

- Low profile
- PU tandem wheels
- PU pad
- Handle bumper
- Foot pedal

*Smooth ride limousine*

Specifications	
A =	85 mm
B =	490 mm
C =	370 mm
D =	795 mm
E =	180 mm
2 T	
37,2 kg	

## Y420250

Ultra low profile design combined with TURBO LIFTER technology. The PU wheels minimize noise and potential (showroom) floor damage. The jack starts at 75mm and reaches an impressive 510mm at maximum height.

A rubber grip and saddle are standard features. This low profile jack comes with heat-treated chromed pump pistons and chromed main ram.

*Our Best just got better!*

Specifications	
A =	75 mm
B =	510 mm
C =	343 mm
D =	686 mm
E =	140 mm
2 T	
32,5 kg	

### Jack dimensions

- A = Min. Height (mm)
- B = Max. Height (mm)
- C = Width (mm)
- D = Length (mm)
- E = Height (mm)

## Y420303

This jack is equipped with Winntec's unique TURBO LIFTER system, rubber pad and handle bumper. The professional universal joint release valve makes it possible to lower the jack with load very precisely and free of any risks.

The heat-treated chromed pump pistons (protected with jacket to prevent from dirt intrusion) are placed at a 45° angle so a complete pumping stroke will always be utilized. Also the main ram has a chrome plating which ensures maximum durability.

### Main features

- Turbo Lifter system
- Steel wheels
- PU pad
- Extremely stable

Specifications	
A =	130 mm
B =	490 mm
C =	380 mm
D =	730 mm
E =	160 mm
3 T	
41 kg	

## Y420330

Ideally configured for car dealers and universal workshops. The jack comes with noise reducing PU wheels, a rubber pad/grip and our TURBO LIFTER pump system. With a minimum height of 120mm and its compact size, this 3T jack is the right choice for car dealerships that look for attractive pricing, functionality and safety.

The release valve allows you to lower heavy loads in a controlled way. The main ram and both pistons are chrome plated. Winntec selected the best industrial grade seals and gaskets for its next best seller.

### Main features

- Turbo Lifter System
- PU wheels
- PU pad

Specifications	
A =	120 mm
B =	450 mm
C =	344 mm
D =	618 mm
E =	160 mm
3 T (US)	
31 kg	

## Y420333

Our newest jack offers the best possible specifications. It unites the ultra low profile design, a high reach, our newest **AUTOMATED CONTROLLED DESCENT** technology, the TURBO LIFTER pump system, 3T capacity and noise reducing PU wheels. The highest quality of components will ensure maximum performance and life time.

### Main features

- Low profile
- Turbo Lifter System
- PU wheels
- PU pad
- Foot pedal

**NEW!**

Specifications	
A =	76 mm
B =	503 mm
C =	346 mm
D =	672 mm
E =	156 mm
3 T

## Long Chassis Jacks

This range is designed especially for extreme heavy-duty lifting. It is perfect for servicing truck fleets, busses, farm- and heavy construction equipment and other vehicles that require a low starting point and a relatively high reach.

All models feature a foot-operated pump for quicker lifting efficiency, automatic overload safety valve and swivel casters for easy maneuvering around tight spaces. The ergonomic handle features an integrated load control knob which is in connection with a universal joint release valve.

### Main features

- Foot pedal
- Ergonomic handle

Y420500

The big guys

Air controlled descent

### Main features

- Pneumatic descend
- Dead-man control
- Extension screw

## Y432032 Air Service Jack - Telescopic 32T

Dual stage air service jack with a low entrance height of just 150mm and hard chromed piston. With 32/16 Ton capacity and its compact dimensions, this jack is ideal for both workshop and road assistance duty.

The controller allows the jack to ascend and descend with air. This premium Y432032 is backed with 3 years warranty. Air controlled descent ensures maximum safety while dealing with heavy loads.

This Y432032 comes with 2 extensions (45mm-100mm). As an option we offer a 260mm extension which is a great help when lifting trailers.

### Main features

- Chromed pistons
- 150mm entry height
- Compact body

Low clearance - Maximum mobility

## Bottle Jacks

Versatile for use in a large variety of applications: pushing, bending, pressing or straightening. The full range comes with cast iron bases, polished main rams and a solid, chromed pump linkage. These jacks are tested to the latest European standards, have overload protection and can be used in both horizontal and vertical positions. All models (except Y413000 & Y411000) have a twist top for precise height adjustments. The **telescopic** Y411000 comes with two extensions (45mm+6mm). Winntec guarantees a 3 years warranty due to internally machined oil passages, smooth bearing surfaces and close tolerances.

Twist top allows fine tuning

### Main features

- Chromed pistons
- Easy maintenance
- Heat-treated saddle

## Toe Jacks

Toe jacks allow you to lift heavy machinery and equipment with a minimum of ground clearance. Since there are lifting points on both the toe and the top of the jack, they are the perfect complement to our range of HD bottle jacks.

All models are equipped with chromed rams/pistons and overload valves.

## Main features

- Housing revolves 360°
- Operate vertically, horizontally and upside down

Model	Height (mm)	Width (mm)	Depth (mm)	T	KG

## Workshop equipment

### Y440102 Foldable Crane

Constructed from heavy gauge, welded square tubular steel. The 2-speed hydraulic pump with chromed ram rotates up to 135 degrees ensuring the optimal working position. Fine adjustment lowering handle with dead man's control prevents from rapid uncontrolled lowering of load. Nylon wheels avoid floor damage. The arm has 3 pre-set positions (1000/750/500 kg) for lifting. Easy to maneuver in open or closed position due to unique supporting wheels at the front of the base plate. Crane is packed in wooden box.

#### Main features

- Hook with bearing
- Dead-man control
- Swivel pump

Low entrance height

Y440102

Y440105

### Y440105 Leveler

Engine leveler with a maximum capacity of 550 kg constructed from durable drop-forged steel for long-lasting dependability and performance. It features heat-treated chains that are fully adjustable with a threaded rod. Comes with two 100cm load chains.

	Folded	Extended
<b>Length</b>	480 mm	1560 mm
<b>Width</b>	465 mm	945 mm
<b>Height</b>	1475 mm	1470 mm
<b>Capacity</b>	1 T	
<b>Weight</b>	90 kg	

### Y440300 Engine Support

Constructed of heavy-duty powder coated steel for durability, the 300 kg capacity engine support bar enables you to work on heavy automotive repairs, such as removing your transmission or transaxle.

Specifications	
<b>Height</b>	= -
<b>Width</b>	= 243 mm
<b>Length</b>	= 1500 mm
<b>Capacity</b>	300 kg
<b>Weight</b>	12,5 kg

### Y450101 Engine Stand

A time saver for passenger car and light truck engine rebuilding or repair. Four adjustable attachment arms make engine mounting fast and easy. Engine can be rotated a full 360° with a turn of the handle, a locking pin secures the work in any of the 8 positions.

The leg design prevents the stand from tipping over while holding the engine block. The front swivel caster allows proper positioning.

#### Main features

- "L" shape base for stability
- Fully adjustable 360° support

Shop must-have

## Y083039 S\_Wipes

Revolutionary cleaning wipes for cleaning hands, tools and other surfaces around the workshop, home and garden. Counteract the drying of the skin.

#### Why get S\_Wipes?

- Remove grease and grime with S\_Wipes moisturizing, natural lemon oil formula
- Get a true clean as non-reversible features keep dirt from coming off the wipe and on to your hands
- Avoid dry, cracked hands with reduced toxic solvents, corrosive alkalis, or scrubs
- Go green with S\_Wipes and help conserve water and reduce pollution

#### Main features

- Compliance with EU ECHA of the CLP criteria regulation
- Wipe size: 24.1 cm x 20.3 cm
- Count: 336
- Aluminum foil/sachet packaging blocks out oxygen to ensure the quality of the wipes
- Valid for 3 years

free of chemicals

## Y491110 Mechanic Gloves

The Winntec Mechanic Glove is a sturdy glove with protectors for professional work in the workshop, assembly, handling of machines and materials. **Sizes: M - L - XL**

#### Main features

- Impact protection
- Slip free silicone grip
- Double stitched
- Industrial hook and loop
- Machine washable

## Y491310 Precision Gloves

Winntec's Precision Glove is perfect for a variety of automotive service jobs that demand a 'fine touch'.

We've selected the most sensitive Polyurethane synthetic leather for the palm with a touchscreen functional PU material on the index finger. The back is made by comfortable nylon/spandex rib and polyester air mesh. The cuff closes with velcro and is partially reflective. **Sizes: L - XL**

#### Main features

- Fine Touch
- Anti Slip
- Breathable stretch
- Abrasion resistant
- Terrycloth thumb
- Touch screen proof

## Y491210 Nitrile Gloves

The Winntec Nitrile Glove is extra resistant and long lasting, because of its thick material. The lack of powder and natural rubber makes it perfect for sensitive hands and allergy sufferers.

It can be used left and right, functions well with touch screens and it is easy to put on/off as a result of the rolled cuff. **Size: XL**

#### Main features

- Slightly ribbed surface for better grip
- Extra thickness offers maximum protection
- Powder free
- Excellent fit and comfort
- 100 pc in box

## Industrial Presses

Our range of presses with welded framed are suitable for standard daily pressing and crimping jobs in the shops.

Complete with gauge and other crucial hydraulic components within the frame.

Including 2 V-blocks with patented guiding system for easy and secure positioning. Fine adjustment and removable work bench.

Supplied fully assembled, tested and ready to use.

## Main features

- Y461515: Bench model - single speed hand pump
- Y461530: 2-speed (fast approach) hand pump
- Y461501: Welded frame, 2-speed pump, Adjustable table (9 positions)

## 50T Presses

Compact and functional design that integrates all the hydraulic elements within the chassis, provides a saving in the workshop space and ensures protection in transport.

- Working area free of winch cables. Patented.
- Faster and easier positioning of workbench.
- Adjustable table with removable tray.

## Main features

- Movable cylinder
- Pneumatic and manual operation
- Winch operated work bench

## Workshop equipment

### Y444000/Y444100 Collision Repair Sets

Both 4T (Y444000) and 10T (Y441000) include solid blow cases, chromed rams/pistons and safety valves to prevent from overloading. Their heavy gauge snap-together pipework and cast attachments are compatible with most leading brands of body repair equipment.

#### Supplied with the following parts:

Single Speed Hand Pump • Cylinder (100 mm stroke Y444000 - 150 mm stroke Y444100) • Hose • Ram Flat Base • Spreader • 100 mm Extension Tube • 150 mm Extension Tube • 300 mm Extension Tube • 400 mm Extension Tube • Tube Coupling • Ram Toe • Wedge Head • Serrated Saddle • Flex Head • Plunger Toe • 90 Degrees Wedge Head • Storage Case.

### Main features

- Quick lock for fast assembly and disassembly
- Spring guards at hose end
- Thick walled extension tubes

Model	Cylinder (mm)		
Y444000	100	4 T	17
Y444100	150	10 T	31

*Avoids injuries - saves time*

### Y471180 Wheel Removal kit

This kit eliminates one of the most dangerous jobs within the tire service industry: WHEEL REMOVAL! Alloy and light steel wheels are often frozen (glued) to the vehicle.

This ready-to-use kit includes a case, cylinder, pump, hose and a variation of adaptors to be installed depending on the space between the wheel and the chassis of the vehicle. With 10 Ton of hydraulic power and manual control of the foot pump, it becomes a safe and quick job to press the oxidized wheel from the vehicle.

### Main features

- All-in-one solution
- Foot operated
- Metal case

Specifications	
Height =	150 mm*
Width =	480 mm*
Depth =	235 mm*
	10 T
	15 kg

\* Case Dimensions

### Y471150 Air Hydraulic Pump 1600 cc

For use with a variety of rams, presses and hydraulic tools operating up to 700bar/10.000 psi. Air exhaust muffler for quiet operation. Aluminum housing.

Two stage release mechanism; pump, hold or release with pedal control. Air inlet 1/4, outlet 3/8. Working pressure 6-10 bar. Weight: 7,9 kg.

### Y4781155 Single Acting 2-Speed 900 cc 70 Mpa

Light weight, high flow industrial pump with baked enamel finish to increase corrosion resistance. The compact design ensures efficient storage and transportation. Less handle effort to minimize operator's fatigue. Internal pressure relief valve prevents from overload situation. Industrial 3/8-18NPT outlet. Weight: 6,8 kg.

*Low operating force*

Y4781106

Y4781107

### Y4781106 Single Acting Cylinder 89-115mm 10T Y4781107 Single Acting Cylinder 42-52mm 10T

High strength alloy steel for maximum safety and durability. Collar thread on high model enables easy fixture. Unique heavy duty spring provides fast piston return. Industrial 3/8-18NPT connections. Weight: 1,5 kg.

## Workshop equipment

### Y471120 Hydraulic Combi Bead Breaker

Designed to work on all single, two and three pieces 2-5-10 hole budd, 7.50x16s and all tube-less tire/rims.  
Includes 3 claws. Working range up to 120mm. Self retracting. Durable anti-corrosive finish.

### Y471130 Earthmover Bead Breaker

Designed for use on 5 piece 25" to 51" with pry bar/bead loosening pockets. Working range 110mm. Capacity: 10T.

Y471120

Y471130

Conquer any bead!

Y478205

### Y478205 Hose Assembly 2,50 mt

Compatible with Y471150 and Winntec Bead Breaker models Y471120 and Y471130.

### Y472269 Wheel centering bolts

These wheel centering bolts simplify the heavy wheel / wheel spacer install process by holding the rim centered on the hub as you hand screw in your lug nuts. Just screw the wheel pin in to the top bolt hole and slide your rim over the pin on to the hub. You'll get perfect rim to hub alignment every time making the job faster, easier and safer.

Particularly useful when replacing the brake discs - the centering bolt ensures that the holes in the new disc are perfectly aligned with the holes in the wheel hub. The four most common thread and pitch sizes are included in this set (M12x1.25, M12x1.50, M14x1.25, M14x1.50).

## Accessoires

### Extensions

#### Y411350-48

Rubber extension 95mm for Y411350.

#### Y420210-ADAP

Extension 100mm for Y420210/Y420215.

### Rubber Saddle Pads

#### Y420210-30

Rubber saddle for Y420210/Y420215.

#### Y420303-38

Rubber saddle for Y420303.

#### Y420250-34

Rubber saddle for Y420250.

#### Y420330-40

Rubber saddle for Y420330.

#### Y411350-42

Rubber saddle for Y411350.

#### Y412500-46

Rubber saddle for Y412500.

### Wheels

#### Y420303-PUWS1

PU wheel set for Y420303.

### GT260MM

Extension 260mm for Y432032.
